## **SECTION II. DRUG FREE WORKPLACE**

- (a) The Company shall make a good faith effort, on a continuing basis, to maintain a drug-free workplace and identify all known workplaces.

  - (2) The list of workplaces must include the actual addresses of buildings (or parts of buildings) or other sites where work under the Agreement takes place. The addresses of all business offices for agents and loss adjusters must be included. Address information for agents and loss adjusters submitted in accordance with Appendix III will constitute a list of workplaces provided to FCIC for such agents and loss adjusters. Categorical descriptions may be used for agents, employees, or loss adjusters who also work from other multiple locations (e.g. personal vehicles, agent residences, and residences and farming operations of policyholders). For example, the list of workplaces may include as a category: "the personal vehicles of all loss adjusters."
  - (3) If the Company provides a list of workplaces to FCIC, the Company must inform FCIC of any changes in workplaces during the reinsurance year from those workplaces identified at the time of execution of the Agreement.

Any person who fails to file or amend the disclosure form, as required by 2 C.F.R. part 418, shall be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.

## SECTION V. COMPLIANCE WITH STATE INSURANCE LAWS

- (a) Unless preempted in accordance with the Act or section IV(o) of the Agreement, the Company and its affiliates shall comply with applicable State law.
- (b) If a State insurance department determines that the Company or any of its affiliates are in non-compliance with an applicable State law and FCIC determines that the non-compliance materially affects the Company's ability to meet its obligations under this Agreement, such non-compliance shall be considered a breach of this Agreement unless remedial action by the Company or affiliate to correct the non-compliance is approved by FCIC.

## SECTION VI. CONFLICT OF INTEREST

In this section, any reference to an agent or agents also includes a subagent or subagents.

- (a) Loss Adjustment
  - (1) The Company and its affiliates shall not permit:
    - (A) Its sales agents, agency employees, or sales supervisors to be involved in loss adjustment activities in a county or adjoining county where the sales agent, agency employee, or sales supervisor performs sales functions (except receipt and transfer to the Company of a notice of loss) on behalf of any AIP.
    - (B) A relative of a sales agent, agency employee, or sales supervisor to be involved in loss adjustment activities in a county or adjoining county where the sales agent, agency employee, or sales supervisor performs sales functions (except receipt and transfer to the Company of a notice of loss) on behalf of the Company.

- (2) Prohibited loss adjustment activities for all individuals referenced in paragraph (1)(A) and (B) include the following:
- (A) The supervision, control, or adjustment of a claim. The Company is solely responsible for the supervision and control of the loss adjustment process for a loss determination and all loss adjustment oversight. The agent's prohibition in loss adjustment activities is not intended to preempt any duty or obligation of the agent to provide information to the policyholder on his or her policy options, duties, rights, and responsibilities.
  - (B) Obtaining sales or production records for purposes of loss adjustment on behalf of the policyholder (other than simply collecting information directly from the policyholder and providing it to the Company).
    - (i) The agent may:
      - (I) Receive a notice of loss from the policyholder and transfer it to the Company;
      - (II) Provide a copy of the Company's official file folder, as applicable, to the loss adjuster or reviewer;
      - (III) Provide the loss adjuster or reviewer with any information provided by the policyholder related to the loss;
      - (IV) Facilitate the loss adjuster's gathering of information directly from other parties; and
      - (V) Assist the loss adjuster in locating the policyholder or vice versa.
    - (ii) Loss adjusters and reviewers are directly responsible for the verification and validation of the information from a third party source of such information and nothing in the facilitation of such interactions or information gathering permits activities that may allow the agent to influence the loss adjustment process or the loss adjuster's or reviewer's independent determination of loss.
  - (C) A loss adjustment determination or verification required to complete a claim or the determination or verification of a cause of loss.

- (i) Other than to facilitate the loss adjuster or reviewer's gathering of information from the policyholder, an agent shall not influence the policyholder or loss adjuster in:
  - (I) The preparation or presentation of information associated with a claim;
  - (II) The determination or verification of facts or information associated with a claim; or

  - (I) Social interactions;
  - (II) Checking on the status of a claim or claim payment;
  - (III) Facilitating follow up contact between the policyholder and loss adjuster;
  - (IV) Business contact on other insurance matters not related to a specific open claim covered by this Agreement; and

- (V) Interaction on a claim after the loss adjuster has filed the appropriate claim documentation with the Company (the agent shall not engage the loss adjuster directly on a claim dispute).
- (D) Verification of yields for the purpose of validating insurance coverage or the guarantee. The agent must not be present during any inspections performed by the Company for the purposes of determining insurability of the crop or the amount of the crop to be insured.
- (E) After a notice of loss is filed by the policyholder, advising or assisting the policyholder in any manner regarding the preparation of the claim and the determination of the indemnity, including, but not limited to, whether the loss adjuster correctly applied FCIC procedures regarding loss adjustment.
  - (i) The agent is permitted to consult with the policyholder to explain crop insurance terms and conditions, insurance processes, and the implications of decisions or actions that may be taken by the policyholder under the policy. However, such consultation shall not include opinions, influence, or coercion as to the facts of a claim on policies written by the agent or the determinations of the loss adjuster on a claim.
  - (ii) If the agent suspects that a claim has been adjusted improperly or contains factual errors, the agent may contact the Company's field supervisor or claims manager for review and assistance, but shall not discuss the matter directly with the loss adjuster.
- (F) Any other function reserved for loss adjusters in FCIC procedures.
- (3) The Company and its service providers shall not permit any individual involved in the loss adjustment determination or verification required to complete a claim, or the determination or verification of a cause of loss, to adjust a loss for:
  - (A) A policyholder with whom the individual referred to in paragraph (3) above has a business, financial or legal relationship including, but not limited to, lending money, custom farming, leasing land or other property, selling other goods or services besides insurance, or activities of a similar nature;

- (B) A policyholder, or an individual with a substantial beneficial interest in the policyholder, whose eligible livestock price insurance contract was sold by a relative of the individual referred to in paragraph (3) above; or
  - (C) A relative of the individual referred to in paragraph (3) above.
- (4) If a claims supervisor adjusts a loss in any county in which loss adjustment is subject to his or her supervision, and if the claim is one subject to review in accordance with Appendix IV, the review shall be performed by an individual who is not under the direct supervision of the supervisor.
- (b) Sales, Solicitation and Brokering
- (1) The Company and its affiliates shall not permit any individual involved in the loss adjustment determination or verification required to complete a claim or the determination or verification of a cause of loss to be involved with the sales, solicitation or brokering of an eligible livestock price insurance contract or with any other function reserved for the agent in FCIC procedures in a county or adjoining county where such individual performs claims functions on behalf of any AIP.
  - (2) The Company and its affiliates shall not permit a relative of any individual involved in the loss adjustment determination or verification required to complete a claim or the determination or verification of a cause of loss to be involved with the sales, solicitation or brokering of an eligible livestock price insurance contract or with any other function reserved for the agent in FCIC procedures in a county or adjoining county where such individual performs claims functions on behalf of the Company.
- (c) Underwriting

The Company and its service providers shall not permit their sales agents, the owners or employees of their sales agencies, their sales supervisors, or any relative of the aforementioned individuals to be involved in the acceptance and verification of underwriting data relating to eligibility and coverage for an eligible livestock price insurance contract written by such individuals. This prohibition shall not apply to the routine transmission of information provided by applicants or policyholders that is necessary to issue eligible livestock price insurance contracts or coverage.

(d) Supervision

An individual employed by the Company or its service provider for the general supervision of the sales and service of eligible livestock price insurance contracts, as identified by the Company in section IV(e) of Appendix II may supervise those activities associated with the general administration of such contracts, which may include the management of service, underwriting, and loss adjustment.

(e) Disclosure

(1) In accordance with FCIC procedures, the Company must notify all of its employees and affiliates, including, but not limited to, agents, agencies, and loss adjusters, in writing, of the conflict of interest requirements, including their requirement to disclose to the Company, and the Company's obligation to disclose to FCIC:

- (i) Any business, financial, or legal relationship that any such person has with a policyholder;
- (ii) Whether any employee or affiliate is a relative of the policyholder; or
- (iii) Whether any employee or affiliate has a substantial beneficial interest in the policyholder.

(2) In addition to any other sanctions in this Agreement, if the Company fails to follow the provisions of this section and FCIC procedures, eligible livestock price insurance contracts sold or serviced by the person who failed to disclose a business, financial, or legal relationship with a policyholder or is a relative of the policyholder may not, at FCIC's discretion, be reinsured or receive A&O subsidy, CAT LAE, or risk subsidies for the reinsurance year for which such disclosure was not provided.

(A) Disclosure and Notification Requirements

- (i) Applicable employees and affiliates will be required each year to submit a signed statement that verifies awareness of the conflict of interest rules and an agreement to abide by them.
- (ii) Applicable employees and affiliates must annually disclose the required information by the applicable acreage reporting date. Such disclosure must include the name of the policyholder or person with a substantial beneficial interest in the policyholder, and the type of relationship.

- (iii) If the applicable employee or affiliate enters into a business, financial, or legal -relationship or becomes a relative with the policyholder after the annual disclosure, the applicable employee or affiliate must disclose the information required in paragraph (1) within 15 days of entering the relationship.
- (iv) The Company must evaluate the business, financial or legal relationship or the relationship with the relative to determine whether the applicable employee or affiliate is in violation of subsection (a), (b), or (c) or whether a conflict of interest review is necessary to determine if such violation has occurred. At a minimum, such reviews will be necessary when:
  - (I) The applicable employee or affiliate is in the immediate family of the policyholder or is a person with a substantial beneficial interest in the policyholder; or
  - (II) The business, financial or legal relationship with the policyholder has the potential to produce an incentive to create or inflate a loss because the applicable employee or affiliate, or a relative of the employee or affiliate, is entitled to a portion of the proceeds of the crop or the crop insurance payment or would otherwise receive a benefit from the policyholder based on the existence of crop insurance and their relationship.
- (f) Notification

The Company shall notify FCIC within 3 business days in writing when it discovers that a Company employee or affiliate of the Company has violated the requirements of this section.

## **SECTION VII. CONTROLLED BUSINESS**

- (a) No individual (including a subagent) may receive directly, or indirectly through a Company or its affiliates, any compensation (including, but not limited to, any commission, profit sharing, bonus, or any other direct or indirect benefit) for the sale and service of an eligible livestock price insurance contract if:
  - (1) The individual has a substantial beneficial interest, or a member of the individual's immediate family has a substantial beneficial interest, in the eligible livestock price insurance contract; and

- (2) The total compensation to be paid to the individual with respect to the sale or service of the eligible livestock price insurance contract that meets the condition described in paragraph 1 exceeds 30 percent, or the percentage specified in State law, whichever is less, of the total of all compensation received directly or indirectly by the individual for the reinsurance year.
- (b) Not later than 90 days after the first annual settlement for the reinsurance year, any individual that received directly or indirectly any compensation through a Company or its affiliates for the service or sale of any eligible livestock price insurance contract in the prior reinsurance year shall certify to the applicable Company, in format approved by FCIC, that the compensation that the individual received was in compliance with this paragraph.
- (c) Not later than 120 days after the first annual settlement for the reinsurance year, the Company shall provide FCIC a list of individuals who either failed to timely provide the required certification or whose certification demonstrated non-compliance with the requirements of this paragraph. If the Company fails to comply with this provision, FCIC may deny all or a portion of A&O subsidy or CAT LAE.
- (d) Non-compliance
- (1) The following individuals are subject to disqualification and civil fines under FCIC procedures implementing section 515(h) of the Act (7 U.S.C. § 1515(h)) and any other FCIC procedures implementing section 515(h):
- (A) Individuals who failed to timely provide the required certification;
- (B) Individuals who certified non-compliance with the requirements of this paragraph, except where non-compliance results from circumstances beyond the control of the individual; or
- (C) Individuals who certified compliance but who have been determined to not be in compliance.
- (2) Reinsurance will not be denied for the eligible livestock price insurance contracts associated with any violation with respect to paragraph (1).
- (e) If the amount of compensation to which the individual is entitled under its contract with the Company or affiliate would result in the agent receiving more than 30 percent from immediate family policies, the individual is in violation and the violation must be disclosed. An individual cannot (1) pay back an amount necessary to be compliant; (2) defer payments to determine whether the individual will violate the provision; or (3) take any other action to adjust the individual's compensation owed under the contract with the Company or affiliate. The gravity of the violation will be taken into consideration before imposing any sanctions.

## SECTION VIII. TRAINING REQUIREMENTS

The Company shall ensure that all of its employees, agents, agency employees, loss adjusters, and contractors that act on behalf of the Company with respect to the selling, servicing, and adjusting of eligible livestock price insurance contracts meet all the requirements contained in the Appendices and FCIC procedures.

- (a) All applicable employees, agents, agency employees, loss adjusters, and contractors must be trained in accordance with Appendix IV.
- (b) All employees, agents, and agency employees, who are involved in the selling and servicing (except loss adjustment) of eligible livestock price insurance contracts, must be licensed in the State in which they are doing business if required by the State; and
- (c) All loss adjusters adjusting eligible livestock price insurance contracts must be certified by FCIC before they can conduct any loss adjustment. Certification of loss adjusters may be obtained by completing the training requirements in subsection (a) and:
  - (1) If any State in which the loss adjuster performs loss adjustment activities requires the loss adjuster to take a test which is directly related to livestock price insurance to obtain a license to adjust an eligible livestock price insurance contract, taking and passing the State test and obtaining the license required by the State;
  - (2) If any State in which the loss adjuster performs loss adjustment activities does not require the loss adjuster to obtain a license to adjust an eligible livestock price insurance contract (including those cases where the loss adjuster is a company employee and the State excludes company employees from licensing requirements), taking and completing with a passing grade a proficiency testing program developed, approved, and implemented under FCIC procedures or, if such FCIC-approved proficiency testing program is not available in the State, completing the training required by the Company under Appendix IV; or
  - (3) If any State in which the loss adjuster performs loss adjustment activities requires a test which is not livestock price insurance-specific (as determined by FCIC) to obtain a license to adjust an eligible livestock price insurance contract, taking and completing with a passing grade a proficiency testing program developed, approved, and implemented under FCIC procedures in lieu of obtaining a license in such State, or, if such FCIC-approved proficiency testing program is not available in the State, taking and passing the State test and obtaining the license required by the State.

- (d) The Company shall not permit a loss adjuster to conduct any loss adjustment activity for the reinsurance year until he or she has been certified. FCIC will consider the loss adjuster to be certified after:
  - (1) The loss adjuster provides to the Company verifiable documentation showing that he or she has completed the required training, obtained the proper license or has taken and completed with a passing grade the applicable test or testing program specified in subsection (c); and
  - (2) The Company submits proper written or electronic verification to FCIC, as directed by FCIC.
- (e) Loss adjusters shall be required to retake the required FCIC-approved proficiency testing program referenced in subsections (c)(2) and (3) as required by the Company or FCIC.
- (f) Any person who has been found in material noncompliance with any loss adjustment policy, FCIC procedure, or training requirement approved by FCIC shall be de-certified by FCIC. In such case, FCIC will provide written notification to the Company, and the Company shall not permit that person to perform loss adjustment activities until he or she has received the training specified by FCIC, has retaken and completed with a passing grade the required proficiency testing program, and has been certified by FCIC. A listing of persons decertified will be available to the Company.
- (g) Allowing a loss adjuster to conduct any loss adjustment activity on a policy before he or she is properly certified or after he or she has been de-certified shall result in the denial of reinsurance, A&O subsidy, CAT LAE, or risk subsidy for all policies upon which such activity occurred.

## **SECTION IX. OVERSIGHT AND CUT-THROUGH**

- (a) Whenever FCIC determines that the Company is unable to substantially fulfill an obligation that materially affects its performance under this Agreement with respect to some or all of the eligible livestock price insurance contracts it has in its book of business, FCIC may impose one or more of the following on the Company:
  - (1) Require additional reporting to FCIC of financial or operational information related to business conducted under the Agreement.
  - (2) Allow the placement of representatives of FCIC at any location of the Company and its service providers to monitor activities that directly or indirectly affect the performance of the Company's obligations under this Agreement.

- (3) Require the Company to obtain approval from FCIC of some or all decisions or actions (including, but not limited to, any transaction, payment, agreement, and servicing of eligible livestock price insurance contracts) taken or contemplated by the Company or its service providers that could directly or indirectly affect the performance of the Company's obligations under this Agreement.
- (4) Take all reasonable steps to preserve the assets and financial and operating capabilities of the Company to perform its obligations under this Agreement.
- (5) Transfer to FCIC, or its designee, without further action of the Company, any or all eligible livestock price insurance contracts. With respect to any eligible livestock price insurance contract transferred to FCIC:
  - (A) FCIC will assume all obligations for unpaid losses whether occurring before or after the date of transfer regarding such eligible livestock price insurance contracts, and the Company must pay FCIC all funds in possession of the Company and its affiliates with respect to all such eligible livestock price insurance contracts transferred including, but not limited to, premiums collected or any payments from commercial reinsurers related to the book of business.
  - (B) FCIC, or its designee, will have the right to conduct all activities related to the sale and service of eligible livestock price insurance contracts.
  - (C) FCIC has the right to all uncollected premiums on all eligible livestock price insurance contracts.
  - (D) Any uncollected debts owed to the Company under an eligible livestock price insurance contract will become a debt owed to FCIC.
  - (E) To the extent that FCIC contracts for an AIP or other entity to service the transferred eligible livestock price insurance contracts, the AIP or other entity will receive A&O subsidy for service the AIP or other entity must perform for such eligible livestock price insurance contracts in proportion to the amount of service required for the remainder of the crop year.
- (6) With respect to eligible livestock price insurance contracts that are transferred to FCIC and when another AIP agrees to assume the eligible livestock price insurance contracts:

- (A) The AIP will assume the obligations for unpaid losses whether occurring before or after the date of transfer regarding such eligible livestock price insurance contracts, unless otherwise determined by FCIC;
  - (B) FCIC will remit to the AIP any premium or any applicable payments from commercial reinsurers collected from the Company; and
  - (C) The AIP will receive A&O subsidy for services the AIP must perform for such eligible livestock price insurance contracts in proportion to the amount of service required for the remainder of the crop year.
- (b) A Company in supervision, rehabilitation, liquidation, or any equivalent action by a State is presumed to be unable to substantially fulfill obligations that materially affect its performance under this Agreement with respect to some or all of the eligible livestock price insurance contracts it has in its book of business for the purposes of subsection (a).
- (c) If either subsection (a)(4) or (5) is implemented with respect to another AIP, the Company, within the limits of its financial and operational resources, agrees to cooperate with FCIC in the transferring and servicing of such eligible livestock price insurance contracts.

## **SECTION X. SUPERVISION, REHABILITATION, AND LIQUIDATION**

If the Company is placed in supervision, rehabilitation, liquidation, or any equivalent action by a State Insurance Department:

- (a) The Company shall take all reasonable steps to facilitate a working relationship between FCIC and the State Insurance Department during the period the Company is in supervision, rehabilitation, liquidation, or any equivalent action.
- (b) The Company shall take all reasonable steps to ensure that FCIC has access to information and use of the operating systems, records, equipment, or other property used in the administration of the Company's book of business for as long as necessary to service the book of business.

- (c) In liquidation (or equivalent situation):
  - (1) If FCIC has expended funds to keep the Company operational, including, but not limited to, the payment of expenses already included in the A&O subsidy, or to pay other expenses not included in the A&O subsidy, when the Company was in supervision, rehabilitation liquidation, or any equivalent situation, with respect to the repayment of such funds, FCIC shall have priority over all other creditors except for expenses of the state supervisor, rehabilitator, liquidator, or equivalent person; and
  - (2) If the Company owes any other funds to FCIC not included in paragraph (1) with respect to the repayment of such funds, FCIC shall have priority over all other non-federal creditors.
- (d) FCIC will have the right to conduct all activities related to the sale and service of eligible livestock price insurance contracts.
- (e) The Company and its affiliates must pay to FCIC all funds in their possession with respect to all eligible livestock price insurance contracts including, but not limited to, premiums collected or any applicable payments from commercial reinsurers.
- (f) Any uncollected debts or premiums owed to the Company under an eligible livestock price insurance contract will become a debt owed to FCIC.
- (g) The Company and its affiliates shall:
  - (1) Properly and fully service all eligible livestock price insurance contracts until transferred or the applicable cancellation date, whichever is the later;
  - (2) Take all reasonable efforts to ensure that the Company's commercial reinsurance applicable to its book of business remains in effect; and
  - (3) Not delay any payment to FCIC or the policyholder related to an eligible livestock price insurance contract.
- (h) Those persons found not in compliance with subsection (g)(3) shall be subject to debarment from participating in the programs of FCIC and USDA.

## **SECTION XI. MEDIATION, ARBITRATION, LITIGATION AND ASSISTANCE**

- (a) The Company's expenses incurred as a result of litigation are covered by the A&O subsidy. FCIC has no obligation to provide other funds to reimburse the Company for litigation costs.

- (b) In accordance with FCIC procedures, the Company may request FCIC to provide non-monetary assistance, including, but not limited to, witnesses, documents, and direction or such other assistance for mediation, arbitration or litigation. FCIC will only consider the Company's request for assistance if the Company:
- (1) Reports the matter in accordance with subsection (c);
  - (2) Immediately notifies FCIC in writing of the requested action setting forth the reasons such action would be in the best interests of FCIC;
  - (3) Presents all legal arguments favorable to its defense which it has a good faith basis to assert, including those suggested by FCIC; and
  - (4) Does not join FCIC as a party to the action unless FCIC agrees in writing to be joined as a party, or unless otherwise required by law.
- (c) The Company shall report to FCIC in accordance with FCIC procedures, disputes with policyholders in mediation, arbitration, litigation or legal action, within 30 days after the Company has been notified of such dispute.
- (d) FCIC will, at its sole discretion, determine if the requested action under this section will be granted. The criteria to determine such action will be whether such action is in the best interest of FCIC and the Federal crop insurance program.
- (e) Unless otherwise provided in this Agreement, FCIC will pay ultimate net losses for eligible livestock price insurance contracts of the Company in accordance with the provisions of section II(b) of the Agreement:
- (1) In addition to the amount of the claim, ultimate net loss may include interest owed to policyholders related to the eligible livestock price insurance contract that is included:
    - (A) In a final judgment against the Company by an arbitrator or a court of competent jurisdiction if FCIC determines that:
      - (i) Such interest resulted from the Company's substantial compliance with all applicable FCIC procedures in the selling and servicing of the eligible livestock price insurance contract; and
      - (ii) The award of such interest did not involve negligence or culpability on the part of the Company or its affiliates; and
    - (B) In the settlement of any claim if FCIC, in addition to the determinations included above, determines that the settlement should be approved.

- (2) In all arbitration and mediation cases or any other case that has been settled by the Company and policyholder:
  - (A) The Company must provide to FCIC all written statements from the arbitrator describing the issues in dispute, the factual findings, the determinations and the amount and basis for any award;
  - (B) The Company must provide to FCIC all settlement agreements that contain at a minimum, a statement of the issues in dispute and the amount of the settlement;
  - (C) The Company must provide to FCIC all written opinions of the court, all pleadings filed in the case, and other documentation requested by FCIC; and
