\*\*Crops/crop programs which were submitted and approved under section 508(h) of the FCI Act.

The following tables provide market penetration by categories of Fruits/Nuts and Vegetables. RMA and National Agricultural Statistics Service (NASS) Specialty Crop Comparisons Tables follow. These tables establish current participation rates for specialty crops. RMA acres are calculated using both CAT and buy-up level participation. The NASS acres used were the complete population of cropped acres. In rare instances, RMA acres exceed NASS acres, as seen in the specific state and crop tables located below.
