

Davis Regional Office — Davis, CA

Revised November 2017

Citrus California

Crop Insured

All the citrus crops (listed below) are insurable if:

- The trees have reached at least the sixth growing season after being set out or the fifth growing season after topwork or grafting to be insurable without a written agreement; and
- You insure all of your acreage of each citrus fruit group you elect to insure.

Since each crop is a separate insurance unit, you can choose to insure one type and not another. For example, you could insure all of your lemon acreage and none of your grapefruit. However, not all citrus crops are insurable in all counties.

| | |
|----------------------|--|
| Grapefruit | All Grapefruit (Includes Hybrids and Pummelos) |
| Lemons | All Lemons |
| Oranges | Navel, Valencia, Sweet (Includes Blood) |
| Mandarins/Tangerines | Clementine, W. Murcott, All Others |
| Tangelos | Minneola, Orlando |

Counties Available

Citrus is insurable in Fresno, Glenn, Imperial, Kern, Madera, Monterey, Orange, San Bernardino, San Diego, San Luis Obispo, Santa Barbara, Stanislaus, Tulare, Ventura, and Riverside counties. Not all citrus is insurable in all counties. Citrus in other counties may be insurable by written agreement if specific criteria are met. Contact a crop insurance agent for more details.

Causes of Loss

You are protected against the following:

- Adverse weather conditions;
- Earthquake;
- Failure of irrigation water supply, if caused by an insured peril during the insurance year;
- Fire;
- Insects or plant disease, but not damage due to insufficient or improper application of control measures;
- Volcanic eruption; or
- Wildlife.

Insurance Period

To insure the crop, you must apply for coverage with a crop insurance agent by November 20. The citrus crop will then be insured from bloom until the end of harvest in two years.

Important Dates

| | |
|----------------------------|------------------------|
| Sales Closing/Cancellation |November 20, 2017 |
| Acreage Reporting |January 15, 2018 |
| Premium Billing |August 15, 2018 |
| Termination |November 20, 2018 |

Coverage Levels and Premium Subsidies

The guarantee is based on an individual's production history. Citrus production is measured in the number of cartons packed for fresh-market sales. You will be asked to provide four to ten years of production records from which your insurance agent calculates your average yield. Coverage levels range from 50 to 75 percent of your approved yield. Crop insurance premiums are subsidized as shown in the following table. For example, if you choose the 65 percent coverage level, your premium share would be 41 percent of the base premium.

| Item | Percent | | | | | |
|--------------------|---------|----|----|----|----|----|
| | 50 | 55 | 60 | 65 | 70 | 75 |
| Coverage Level | 50 | 55 | 60 | 65 | 70 | 75 |
| Premium Subsidy | 67 | 64 | 64 | 59 | 59 | 55 |
| Your Premium Share | 33 | 36 | 36 | 41 | 41 | 45 |

Catastrophic Risk Protection (CAT) coverage is fixed at 50 percent of your approved yield and 55 percent of the price election. CAT is 100 percent subsidized with no premium cost to you. There is, however, an administrative fee of \$300 per crop per county, regardless of the acreage.

Price Election

The price used to calculate your premium and indemnity. For citrus, price elections vary by crop and are re-calculated each year. Please talk to a crop insurance agent for current price election.

Loss Example

Assume an APH yield of 600 cartons per acre, 50 percent coverage level on 100 acres of citrus fruit, selected price of \$6.20 per carton, and 100 percent share.

| | | |
|-------|--------------|--------------------------------------|
| | 600 | Cartons per acre average yield (APH) |
| X | 0.50 | Coverage level percentage |
| <hr/> | | |
| | 300 | Cartons per acre guarantee |
| - | 200 | Cartons per acre actually produced |
| <hr/> | | |
| | 100 | Cartons per acre loss |
| X | \$6.20 | Price election |
| <hr/> | | |
| | \$620 | Gross indemnity per acre |

Price used above is for example only. Contact a crop insurance agent for current information.

Where to Buy Crop Insurance

All multi-peril crop insurance, including CAT policies, are available from private insurance agents. A list of crop insurance agents is available at all USDA service centers and at [RMA Agent Locator](#).
