- Additional 10 percentage points of premium subsidy for additional coverage policies that have premium subsidy;
- Use of another person's production history for the specific acreage transferred to you that you were previously involved in the decision making or physical activities to produce the crop; and
- An increase in the substitute Yield Adjustment, which allows you to replace a low yield due to an insured cause of loss, from 60 to 80 percent of the applicable transitional yield (T-Yield).

Benefit Availability

Veteran Farmer and Rancher benefits will be available beginning with crops having a December 20, 2018 sales closing date or later. Veteran Farmer and Rancher benefits for all other policies will be available beginning the 2020 crop year.
