Subject

2015 Crop Year Area Risk Protection Insurance (ARPI), Supplemental Coverage Option (SCO) and Stacked Income Protection (STAX) Final County Yields and Final County Revenues for Cotton

In accordance with the ARPI, SCO, and STAX Crop Provisions, approved final county yields and final county revenues for 2015 crop year will be available by close of business today in the following formats:

- Actuarial Information Browser (AIB) online reporting application: <https://webapp.rma.usda.gov/apps/actuarialinformationbrowser2015>
- Actuarial Data Master (ADM) bulk data file download: [https://pubfs-rma.fpac.usda.gov/pub/References/actuarial\\_data\\_master/2015/](https://pubfs-rma.fpac.usda.gov/pub/References/actuarial_data_master/2015/)
- Summary listing: <https://webapp.rma.usda.gov/apps/RIRS/AreaPlanReports>

In some situations for ARPI, the National Agricultural Statistics Service (NASS) was unable to publish a county estimate on the same basis as the offer available. Where NASS was unable to publish a county estimate, the Risk Management Agency (RMA) determined the final county yield in accordance with the ARPI basic provisions. The attachment identifies the RMA basis for final county yield determination in the affected counties with policies. DISPOSAL DATE December 31, 2016
