Crop Insurance Deadline Nears in Arkansas

News Release | Jackson, Mississippi | February 16, 2021 View PDF

Producers Need to Make Insurance Decisions Soon

JACKSON, Miss., Feb. 16, 2021 — The USDA's Risk Management Agency (RMA) reminds Arkansas producers that the final date to apply for crop insurance coverage on Whole-Farm Revenue Protection, corn, cotton, grain sorghum, hemp, peanuts, rice, and soybeans is February 28 for the 2021 crop year. Current policyholders who wish to make changes to their existing policies also have until the sales closing date to do so.

Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Information on available coverage in select counties can be found on the RMA <u>Actuarial Information</u> <u>Browser</u>.

RMA is authorizing additional flexibilities due to coronavirus while continuing to support producers, working through Approved Insurance Providers (AIPs) to deliver services, including processing policies, claims and agreements. RMA staff are working with AIPs and other customers by phone, mail and electronically to continue supporting crop insurance coverage for producers. Farmers with crop insurance questions or needs should continue to contact their insurance agents about conducting business remotely (by telephone or email). More information can be found at <u>farmers.gov/coronavirus</u>.

Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available online using the RMA <u>Agent Locator</u>. Producers can use the RMA <u>Cost Estimator</u> to get a premium amount estimate of their insurance needs online. Learn more about crop insurance and the modern farm safety net at <u>www.rma.usda.gov</u>.

USDA is an equal opportunity provider, employer and lender.
