Rice Growers Need to Make Insurance Decisions Soon

VALDOSTA, Ga., Jan. 5, 2021 — The USDA’s Risk Management Agency (RMA) reminds Florida rice growers that the final date to apply for crop insurance coverage for the 2021 crop year is February 15. Current policyholders who wish to make changes to their existing coverage also have until the February 15 sales closing date to do so.

Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Coverage is available for rice in Glades, Hendry, and Palm Beach counties.

Growers are encouraged to visit their crop insurance agent soon to learn specific details for the 2021 crop year.

RMA is authorizing additional flexibilities due to coronavirus while continuing to support producers, working through Approved Insurance Providers (AIPs) to deliver services, including processing policies, claims, and agreements. RMA staff are working with AIPs and other customers by phone, mail, and electronically to continue supporting crop insurance coverage for producers. Farmers with crop insurance questions or needs should continue to contact their insurance agents about conducting business remotely (by telephone or email). More information can

be found at farmers.gov/coronavirus.

Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available online using the RMA [Agent Locator](#). Producers can use the RMA [Cost Estimator](#) to get a premium amount estimate of their insurance needs online. Learn more about crop insurance and the modern farm safety net at www.rma.usda.gov.
