Fresh Market Tomato and Pecan Growers Need to Make Insurance Decisions Soon

VALDOSTA, Ga., Dec. 18, 2019 – The USDA’s Risk Management Agency (RMA) reminds Georgia fresh market tomato and pecan growers that the final date to apply for crop insurance coverage for the 2020 crop year is January 31. Current policyholders who wish to make changes to their existing coverage also have until the January 31 sales closing date to do so.

Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Coverage is available for fresh market tomatoes in Colquitt, Decatur, Grady, Mitchell, Seminole, and Tift counties. Coverage is available for pecans in select Georgia counties. Please contact your insurance agent to see if your county is covered.

Growers are encouraged to visit their crop insurance agent soon to learn specific details for the 2020 crop year. A list of crop insurance agents is available at all USDA Service Centers and online at the RMA [Agent Locator](#). Growers can use the RMA [Cost Estimator](#) to get a premium amount estimate of their insurance needs online.

For more information about crop insurance and the modern farm safety net, visit

www.rma.usda.gov.
