Onion Growers Need to Make Insurance Decisions Soon

RALEIGH, N.C., Jan. 2, 2018 – The USDA’s Risk Management Agency (RMA) reminds New York onion growers that the final date to apply for crop insurance coverage for the 2018 crop year is February 1. Current policyholders who wish to make changes to their existing policies also have until February 1 to do so.

Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Coverage for onions is available in select counties. The 2018 price election, per hundredweight, for red onions is \$24.90, white onions is \$18.50, and yellow onions is \$11.80. Additional information can be found on the [Actuarial Information Browser](#) page on the RMA website.

Growers are encouraged to visit their crop insurance agent soon to learn specific details for the 2018 crop year, including insurance for onions, which may be eligible for coverage under a written agreement. Crop insurance coverage decisions must be made on or before the sales closing date.

Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available at all USDA Service Centers and online at the RMA [Agent Locator](#). Producers can use the RMA [Cost Estimator](#) to get a premium

amount estimate of their insurance needs online.

For more information about crop insurance and the modern farm safety net, visit www.rma.usda.gov.
