Livestock Gross Margin Insurance for Cattle, Dairy Cattle, and Swine

RALEIGH, N.C., May 31, 2019 – The USDA’s Risk Management Agency (RMA) reminds Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, Vermont, Virginia, and West Virginia livestock producers of the availability of the Livestock Gross Margin (LGM) insurance for Dairy Cattle and Swine. LGM insurance for Cattle is available in West Virginia.

LGM insurance provides coverage against the insured loss of gross margin as shown on your summary of insurance. Additional information can be found on the [Actuarial Information Browser](#) page on the RMA website.

Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available at all USDA Service Centers and online at the RMA [Agent Locator](#). Producers can use the RMA [Cost Estimator](#) to get a premium amount estimate of their insurance needs online. Learn more about crop insurance and the modern farm safety net at www.rma.usda.gov.
