Clary Sage Producers Need to Make Insurance Decisions Soon

RALEIGH, N.C., June 28, 2019 – The USDA’s Risk Management Agency (RMA) reminds North Carolina clary sage producers that the final date to apply for crop insurance coverage for the 2020 crop year is July 31, 2019. Current policyholders who wish to make changes to their existing coverage also have until July 31, 2019 to do so.

Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Coverage for clary sage is available in select counties. Additional information can be found on the [Actuarial Information Browser](#) page on the RMA website.

Growers are encouraged to visit their crop insurance agent soon to learn specific details for the 2020 crop year, including insurance for clary sage. Crop insurance coverage decisions must be made on or before the sales closing date.

Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available at all USDA Service Centers and online at the [RMA Agent Locator](#). Producers can use the [RMA Cost Estimator](#) to get a premium amount estimate of their insurance needs online.

Learn more about crop insurance and the modern farm safety net at rma.usda.gov.
