Malting Barley Endorsement

The Malting Barley Endorsement (MBE) utilizes a Chicago Board of Trade (CBOT) soft red winter wheat price component to derive the 2019 CY harvest price for any insured whose malt barley contract provides for a premium amount above or below a base price to be determined, and in which the base price is not determined by the acreage reporting date. Please see the MBE for details: www.rma.usda.gov/-/media/RMAweb/Policies/Malting-Barley/2018/Malting-Barley-Endorsement-18-0091b.ashx

Margin Protection Plan

The following 2019 CY margin harvest prices are approved for the Margin Protection Plan. The margin projected price is used in conjunction with projected input prices and the expected county yield to derive the expected margin (per acre), trigger

margin (per acre) and liability. Please see the following web page on RMA's public website for program details: www.rma.usda.gov/en/Policy-and-Procedure/Insurance-Plans/Margin-Protection-for-Corn-Rice-Soybeans-and-Wheat
