Machine Harvested Pickling Cucumber Crop Provision Changes Effective for the 2022 and Succeeding Crop Years

The Federal Crop Insurance Corporation (FCIC) amended the Machine Harvested Pickling Cucumber Crop Provisions for the 2022 and succeeding crop years. The crop provisions were revised to clarify the maximum contract price can be found in the actuarial documents and not in the Special Provisions.

The Machine Harvested Pickling Cucumber Crop Provisions (22-0132) will be available by close of business today on the RMA website at www.rma.usda.gov.

Approved insurance providers must notify policyholders of these changes at least 30 days prior to the cancellation date, as required by the policy.

Interested producers should contact a crop insurance agent for further information. A list of agents can be found on the RMA website at www.rma.usda.gov/en/Information-Tools/Agent-Locator-Page.
