Malting Barley Endorsement

The Malting Barley Endorsement (MBE) utilizes a Chicago Board of Trade (CBOT) soft red winter wheat price component to derive the 2022 CY harvest price for any insured whose malt barley contract provides for a premium amount above or below a base price to be determined, and in which the base price is not determined by the acreage reporting date. Please see the MBE for details: [Malting Barley Endorsement](#)

Malting Barley Type Exchange Contract	Harvest Price
Winter Planted Type CBOT	September SRW Wheat \$7.84 per bushel
Spring Planted Type CBOT	September SRW Wheat \$7.84 per bushel

Margin Protection Plan

The following 2022 CY margin harvest prices are approved for the Margin Protection Plan of insurance. The margin projected price is used in conjunction with projected input prices and the expected county yield to derive the expected margin (per acre), trigger margin (per acre), and liability. Please see the following web page on RMA's public website for program details: [Margin Protection for Corn, Rice, Soybeans, and Wheat | RMA \(usda.gov\)](http://usda.gov)
