Actual Production History (APH) Caneberry Pilot Program

The Federal Crop Insurance Corporation Board of Directors approved the Actual Production History (APH) Caneberry Pilot Program on May 24, 2018. This insurance program protects against production losses for fresh raspberry varieties. It is available for the 2019 crop year for producers in the following California Counties: Monterey, Santa Barbara, Santa Cruz, and Ventura.

The following APH Caneberry Pilot Program materials will be available by close of business today and may be accessed on the RMA Web site: www.rma.usda.gov.

19-CB-6000 APH Caneberry Crop Provisions FCIC-20420U (09-2018) APH Caneberry Crop Insurance Standards Handbook FCIC-20420L (09-2018) APH Caneberry Loss Adjustment Standards Handbook

The sales closing date for the APH Caneberry Pilot Program is November 30, 2018. Interested producers should contact a crop insurance agent for further information. A list of agents can be found on the Risk Management Agency website at www.rma.usda.gov/tools-reports/agent-locator.
