Raleigh RO: Crop Insurance Deadline Nears in Several States for Pasture, Rangeland, Forage (PRF), and Apiculture Coverage

News Release | Raleigh, North Carolina | October 31, 2024 <u>View PDF</u>

Raleigh, N.C., Oct. 31, 2024 — The USDA's Risk Management Agency (RMA) reminds Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, Vermont, Virginia, and West Virginia pasture, rangeland, forage, and honeybee producers of the availability of Pasture, Rangeland, and Forage (PRF) insurance, and Apiculture coverage that the final date to apply for crop insurance coverage for the 2025 crop year is December 1. Current policyholders who wish to make changes to their existing policies also have until December 1 to do so.

Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Coverage is available for PRF and Apiculture in all counties in the above-mentioned states. Additional information can be found on the <u>Actuarial Information Browser</u> page on the RMA website.

Growers are encouraged to visit their crop insurance agent soon to learn specific details for the 2025 reinsurance year.

Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available at all USDA Service Centers and online at the <u>RMA Agent Locator</u>. Learn more about crop insurance and the modern farm safety net at <u>rma.usda.gov</u>.

USDA touches the lives of all Americans each day in so many positive ways. Under the Biden-Harris Administration, USDA is transforming America's food system with a greater focus on more resilient local and regional food production, fairer markets for all producers, ensuring access to safe, healthy and nutritious food in all communities, building new markets and streams of income for farmers and producers using climate smart food and forestry practices, making historic investments in infrastructure and clean energy capabilities in rural America, and committing to equity across the Department by removing systemic barriers and building a workforce more representative of America.
