**Description of RMA (ARPI) Determinations  
(Includes information reported to RMA as of March 26, 2018)**

**Winter Wheat / Total for Crop / Planted Yield** - calculated as the acre-weighted average of 2017 wheat yields reported to RMA as actual yields by crop insurance program participants in the county.

**Winter Wheat / Total for Crop / Harvested Yield** - calculated as the acre-weighted average of non-zero 2017 wheat yields reported to RMA as actual yields by crop insurance program participants in the county. If a participant was found to have un-harvested acreage claim(s) in 2017, acreage from these claims was not included.

**Winter Wheat / Irrigated / Harvested Yield** - calculated as the acre-weighted average of non-zero 2017 wheat irrigated yields reported to RMA as actual yields by crop insurance program participants in the county. If a participant was found to have un-harvested acreage claim(s) in 2017, acreage from these claims was not included.

**Winter Wheat / Non-Irrigated / Harvested Yield** - calculated as the acre-weighted average of non-zero 2017 wheat non-irrigated yields reported to RMA as actual yields by crop insurance program participants in the county. If a participant was found to have un-harvested acreage claim(s) in 2017, acreage from these claims was not included.
