Introduction

▸ This overview provides general guidance on the features of the RMA Agent Locator web application.

▸ The purpose of this application is to help users find an insurance agent for the type of specialty wanted within a specific distance.

▸ After completing this overview, the user will be able to:
  ◦ Select the filter criteria to display
  ◦ View the results of the search without filters
  ◦ View the search results using filters
  ◦ View the details page
  ◦ View the list of Approved Insurance Providers (AIPs)
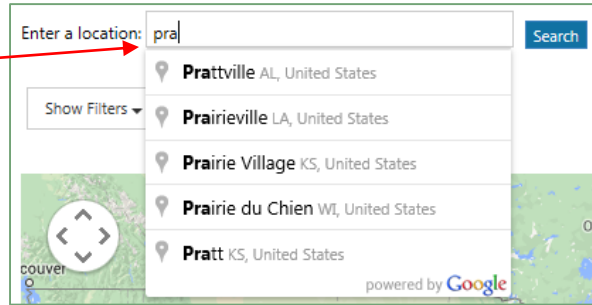

USDA

Agent Locator homepage

The key elements of the Agent Locator homepage are the **Search** box, the **Show Filters** button, and a map of the US.

Click the **Show Filters** button to see the selectable criteria.
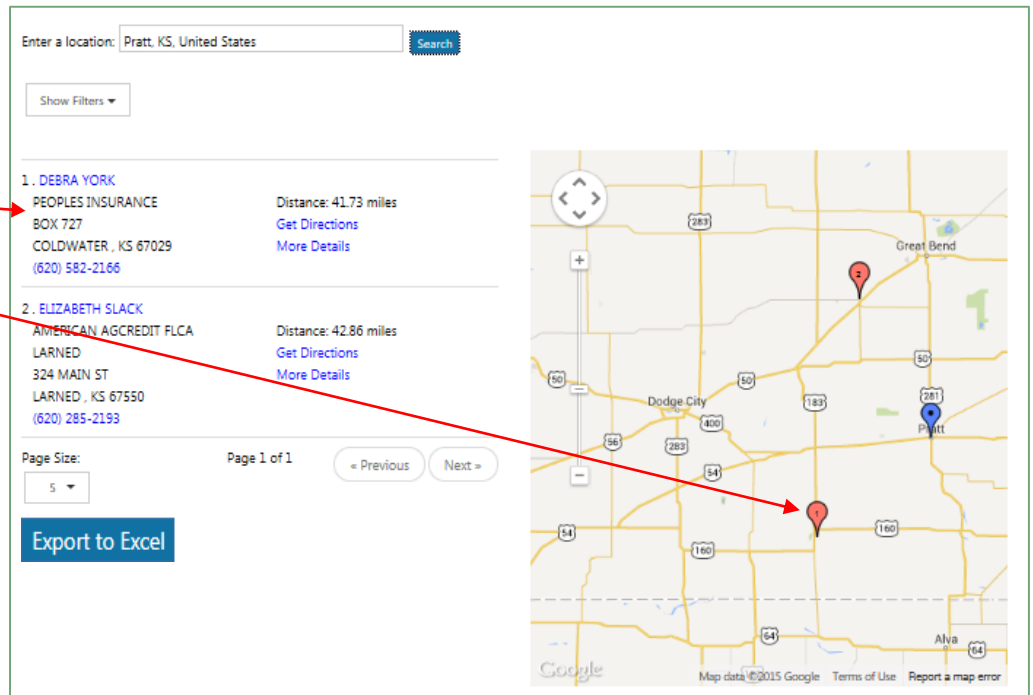

Search results without filters

As the user begins typing the location name in the **Search** field, a list of choices becomes available for selection. As the user continues typing, the list becomes shorter.

Click the location name to select it; then click **Search**.

After the user clicks the **Search** button, the list of agents appears. Also, the map highlights their locations.

In this example, the results are based on the default criteria.

United States Department of Agriculture • Risk Management Agency

Search function with filters

Enter a location Pratt, KS, USA

Hide Filters

Sort By	Specialty	Also Speaks	Distance	Agent Name	Licensed In
Distance	**Crop**	☐ Spanish	No limit	Name	All States
Agent Name	Livestock	☐ Portuguese	**250 miles**		☑ All Counties
Agency Name	Crop and Live	☐ English, Middle (1100-1500)	100 miles	**Agency Name**	
City	All	☐ Punjabi	50 miles	Agency Name	
		☐ German	10 miles		
		More Languages			

When a filter above is selected, it appears in **bold**. Other filter criteria allow the user to designate:

- Specialty (i.e., Crop insurance, Livestock insurance, Crop & Livestock insurance, or All),
- Language (in addition to English),
- Distance from the location (the default limit is 250 miles),
- Agent name,
- Agency name,

> **Note**: When the user types in the Agent Name or Agency Name filter, the system searches for any agents or Agencies with a first or last name that begins with what was typed. For example, if "Jo" is typed, it returns "John Smith" and "Pat Johnson."

- State and County in which the agent is licensed

USDA

View results from search criteria

The results from the search criteria appear in a numbered list and the map displays corresponding numbers for each agent's location.
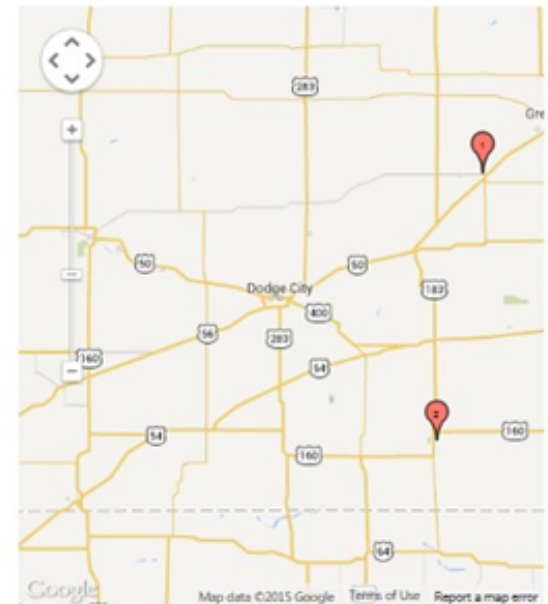

Each entry has clickable fields in a blue font – the agent name, phone number, Get Directions, and More Details.

The 'Export to Excel' button will export the results.

United States Department of Agriculture • Risk Management Agency

More Details page

The More Details page shows the agent's location, contact information, language preferences, specialties, and in which states and counties the agent is licensed.

Note: The Agent Name link marks the location on the map. The More Details link opens the Details page shown here.
