or Wisconsin

FROM: Pamela Stahlke, Director, St. Paul RO

Subject: Damaged Grain Markets

**BACKGROUND**

In accordance with Paragraph 1002 H of the Loss Adjustment Manual Standards Handbook (FCIC-25010-2), the St. Paul Regional Office is providing the following list of buyers of damaged grain that service Iowa, Minnesota, or Wisconsin. Grain that has been determined to be adulterated cannot be used for feed or food. U.S. Food and Drug Administration's (FDA) guidelines are set out in their "Guidance for Industry: Evaluating the Safety of Flood-Affected Food Crops for Human Consumption." The full guidance can be found at [fda.gov/food/guidanceregulation/guidancedocumentsregulatoryinformation/ucm287808.htm](https://www.fda.gov/food/guidanceregulation/guidancedocumentsregulatoryinformation/ucm287808.htm).

**ACTION**

Approved Insurance Providers (AIP) have requested a list of potential damaged production markets for damaged grain. Below is a list of damaged grain buyers. This list is not complete and is provided as a guide to assist the AIP in locating damaged production markets.
